

Classes Offered

Toddler (1.5-3yrs) - A 30 minute Jazz Dance and Creative Movement, Mummy & Me style Class. Children will spend a typical class following along to my lead as a group with basic dance moves as well as some free creative self-expression using props and their imaginations. I use different songs from week to week and everything is fast paced and energetic. Parents stay and are encouraged to dance alongside your child.

Kindy (3-5yrs) - A 30 minute Jazz Dance Class, children are exposed to a more structured Jazz class, while still having lots of fun. Basic jazz steps and combinations are taught as well as a Dance. Parent viewing days are held twice per term, usually week 5 and 10.

Kindy & Junior Combo Jazz & Tap (Kindy, Pre-primary-Year 1) - 45 minute Jazz and Tap Class. Students work through a warm-up, combinations and a dance in each style. Focus is again on fun, whilst learning new skills. Parent viewing days are held at the end of term.

Junior Ballet (Kindy-Year 1) - 30 min Ballet Class, suitable for beginners, children are involved in a fun based intro into ballet. Parent viewing days are held at the end of term.

Jazz (2 age groups - Intermediate, Years 1-3. Sub Seniors, Years 4+) - 30 min Jazz dance class for school aged children. Students are introduced to more technique but still at a fun level, with centre and across the floor combination work, and learning a group dance routine. Parent viewing days are on last day of term.

Tap (2 age groups - Intermediate, Years 1-3. Sub Seniors, Years 4+) - 30 min Tap dance class for school aged children. Tap can be a little tricky, so is repetitive to help with the process. Tap shoes are essential for students to hear the sound and feel the beats their fun noisy tap shoes make! Students will learn basic steps and combinations, which are put together over time to form a dance.

Boys Only Hip Hop (Year 2+) - Fun and Funky class for boys to relax and enjoy dance in their own class.

The Kindy and older Primary classes are not designed for parents to stay in and watch. I find overall Children at this age work much better without parents in the room, so drop them off and go relax with a coffee! If your child is un-settled it usually doesn't take me long to have them smiling again. If they become too distressed, I will always phone you to come back to class.
